

Please Support Kinship Families
YES on Senate Bill 29

Dear

Family ties help children thrive. Kentucky has one of the highest rates of grandparents and other relatives raising their grandchildren in the US, many of them placed in their relative's care as a result of abuse or neglect. Supporting relatives who step up to care for children saves the state money by avoiding more costly out-of-home placements. Placement with a relative can ease the stress of separation and maintain strong familial bonds. This leads to better outcomes for kids and their families.

For children who cannot remain with their parents, Kentucky can ensure they are adequately supported in a safe and nurturing family environment.

**Please lift the moratorium on the Kentucky Kinship Care Program.
Vote YES on Senate Bill 29.**
